

GRASSBURGER GRAZETTE

IT'S SUPERFOOD EGG SEASON!
Do you know that eggs are incredibly nutritious, are high in cholesterol but don't adversely affect cholesterol, raise HDL ("the good cholesterol"), contain choline (an important nutrient most of us don't get enough of), are linked to a reduced risk of heart disease, contain important antioxidants for eye health, are high in quality protein and supply the exact right ratios of amino acids. So go ahead, add an egg to your burger, your bowl or just have an egg sandwich! Celebrate you!

Speaking of eggs...

Grassburger was excited to sponsor the Four Corners Broadcasting EASTER EGG SCRAMBLE on March 8th! It was great fun to meet the Easter Bunny!

We also sponsored Albuquerque's Duke City Crossfit Family Feud competition (image on Instagram) on March 22nd and sponsored American General Media's Blood Drive on March 25th!

And thanks for those who came in to eat at the Grazer events in the stores which raised money for Community Connections, Durango La Crosse, etc.
